Professional Builder is the UK's leading problem-solving magazine for active tradesmen. Articles on any relevant subject – RMI or new build – are always welcome. Key subjects include masonry, carpentry and joinery, plumbing, painting and decorating, vehicles and plant, landscaping and decking, the environment, and the Building Regulations. A dedicated business section deals with tax and legal matters, alongside regular columns covering Health & Safety, and on-site evaluations of the latest products to hit the market.
